### **Judicial Analytical on, Compesasion in False Arrest (Court Judgment No 98/Pid.Prap/2016/PN.JktSel)**

(x,+95 Pages, 1 cases)

Escalation level of criminal act in Indonesia causing a lot of casualties, and forcing people to defending them self more for their soul and life sake, even with violence against the aggressor. The main problem is occasionally even the law enforcement can do mistake when enforcing the law itself. The purpose of this research aims to know how compensation and false arrest itself are Regulated and applied in Indonesia based on Indonesia Penal Code. Studied from court judgment number 98/Pid.Prap/2016/PN.JktSel. This research is normative research. Data used in this research are secondary data. Data collecting Technique used in this research is library research. The approach used is conceptual approach. Data analysis method used is qualitative method. The research results showed that the Compensation and False Arrest are regulated in Indonesia Government Law number 92 year 2015 and applied based on the element of the verse itself. In deciding the result of the case District Court and Supreme Court Judges counting on Indonesia Government Law number 92 year 2015 and its element for deciding is the accused guilty or not. The Judges then Decide that the accused are found proved for false Arrest and also not found guilty, Because the arrest itself are illegal, the accused are not taking any act and responsibility for the criminal that occur on that occasion and shouldn't be presuctured more. and found suitable with the conditions that are conduct in the element Government Law number 92 which is suitable within the rules and law that occur in Indonesia and also within the essentials of the justice itself.
