FOREWORD

First of all, the author would like to give thanks to the Almighty God Jeus Christ who continues to provide wisdom and exceptional health in completing the final academic requirements in order to pursue a study degree namely Bachelor of Management Degree at Pelita Harapan University, Lippo Village and Surabaya Campus.

The author believes that the expression, presentation, and use of words and language in this study are still far from perfect. Therefore, with all humility, the authors expect advice, critical and all forms of direction from all parties to improve this final project research.

On this occasion, the author also wishes to express his great gratitude to those who have helped and supported the completion of this research to the end. This thank you specifically for:

1. Ms. Isana S.C. Meranga, S.P., M.M. as the director of the Faculty of Business School in Lippo Village who had always been supporting from far and helping me in the process of transferring to Surabaya kampus and always humble and patience during the entire period from the beginning until the end of the study completion.
2. Mr. Dr. Ronald S.T., M.M., as the executive director and first supervisor who helped many things in the life of the lecture that I went through while studying at the University of Pelita Harapan, Surabaya Campus.
3. Mrs. Dr. Amelia S.E., RFP-I, M.M., as the second counselor who has helped, guided, paid attention, energized, provided encouragement and being patience to me from the beginning to the research process from beginning to end.
4. Mr. Ronald S.T., M.M., as the first examiner lecturer who also provided input and direction to the author for the completion of this study.
5. Mrs. Dr. Amelia S.E., RFP-I, M.M., as the second examiner lecturer who also provided input and direction to the author for the completion of this study.

6. My father and mother who always pray, give encouragement and support and help in financial matters so that this research can be completed on time
7. My siblings Fanny and Falin and my brother-in-law, Agus, who have always been supportive and have always encouraged me to complete this research.
8. Other parties that cannot be mentioned one by one who have helped the writer in the preparation of this research.

Only prayer that can be the author of climbing may God Almighty please reply to all the kindness and support of Father, Mother, Brother and friends as well. Hopefully this research can be useful especially for the writers themselves and those who are interested in the same topic. All criticism and suggestions for this research will certainly be very useful for further improvement.
