### **THE ROLE OF PT FREEPORT INDONESIA THROUGH CORPORATE SOCIAL RESPONSIBILITY FOR EDUCATION IN PAPUA TO SUPPORT SUSTAINABLE DEVELOPMENT GOALS (SDGS) NUMBER 4 IN INDONESIA**

**Key Words:** *Corporate Social Responsibility, Sustainable Development Goals, Multinational Corporation and Education*

PT Freeport Indonesia has made a lot of contributions for Papua from their Corporate Social Responsibility. Some aspects receive the impacts of it, such as: infrastructure, education, public health, economy, etc. This is so important to Papua, since Papua is one of the underdeveloped regions in Indonesia. Education is one of the aspects that Papua is still left behind from the other regions in Indonesia. Education is important, therefore "Quality Education" is one of the goals of the Sustainable Development Goals. The purpose of this research is to provide the knowledge about the significance of the Corporate Social Responsibility of PT Freeport Indonesia in pursuing the targets of the Sustainable Development Goals (SDGs) number 4 or the "Quality Education". This research uses the Liberalism perspective and the concepts of Multinational Corporation, Sustainable Development, Multi Initiative Stakeholders and Corporate Social Responsibility. The result of this research is the Corporate Social Responsibility of PT Freeport Indonesia has given a lot of contribution to reach the targets of Sustainable Development Goals (SDGs) number 4 in Papua. PT Freeport Indonesia contributed by giving the scholarships to Papuan students, building some schools in Papua, improving the teachers quality, etc.
