

ACKNOWLEDGEMENT

Praise and gratitude to God Almighty, because of his blessings and mercy, every process in the making of this thesis can run well and properly. And because of the blessing of this thesis can be completed on time.

In this study, the researcher chose the title "The impact of firm size, firm age and environmental management on the relationship between operational performance and corporate performance on the Unilever Indonesia Case" where the purpose of writing this thesis is to obtain a bachelor's degree in management from Pelita Harapan University.

Big thanks has given to Dr. Sidik Budiono, S.E., M.E because his role and assistance were very meaningful in the process of writing this thesis so that the thesis could be completed at a predetermined time. Which is where the results of the analysis contained in this thesis cannot be separated because of the understanding assistance that has been given by Dr. Sidik Budiono, S.E., M.E

In addition, in making this thesis, it cannot be separated from the support system and encouragement that has been given to the author so that this thesis can be completed properly. Which is where the authors want to give thanks to:

1. Mrs Gracia Shinta S. Ugut , MBA., Ph.D. as the Dean of Faculty of Economics
2. Mrs Isana S.C. Merangga S.P., M.M. as the Head of Management Departement
3. Mrs Sandra Sembel S.E., S.Pd, MM. as the Head of International Business Concentration
4. Mr Dr.Moses Lorensius Parlinggoman Hutabarat, S.Kom., S.E., MM as the Academic Advisor
5. Mr Dr. Sidik Budiono, S.E., M.E as Supervisor of this thesis
6. All lectures who already contribute in educating and shared their knowledge during the study period in Pelita Harapan University
7. And to all my friends who always support me and encourage me to finish this thesis

And finally for the last word, of course the writing of this thesis still has many shortcomings which the authors also realize. Therefore, criticism and suggestions will be very useful for writers so that in the future deficiencies and errors in writing can be avoided. Hopefully this thesis writing can be useful for anyone who reads it.
