

ACKNOWLEDGEMENT

With the grace of Allah SWT and guidance that guides every process in the making of this thesis to be facilitated all the difficulties that exist and can be resolved well, of course accompanied by a guide who continues to help in guiding every process of thesis workmanship.

This research discusses the influence of Global Identity of a luxury goods company on consumer Purchase Intention supported by several perceptions of value on luxury goods titled “ **THE INFLUENCE OF GLOBAL IDENTITY AND DIMENSIONS OF LUXURY GOOD ON CUSTOMER PURCHASE INTENTION** ” with the aim of meeting the graduation requirements of the Bachelor's Degree of Management. The authors would like to thank for the assistance that has been given and hard work to **Dr. Margaretha Pink Berlianto, S.E., M.M., Ak., CA.** who has played a role as a supervisor in guiding the implementation of this thesis. Without her help, the author will have difficulty in this research due to limitations in knowledge and still need advice that can provide convenience in this research.

The author realizes that of course in the implementation of this thesis, of course, there is a form of support and encouragement in completing this final thesis smoothly within a predetermined period of time without any support and suggestions given the author would like to thank you for the support and cooperation that has taken place in in the process of working on this thesis namely to:

- Ibu Gracia Shinta S. Ugut , MBA., Ph.D. as the Dean of Faculty of Economics
- Ibu Isana S.C. Merangga S.P., M.M. as the Head of Management Departement
- Ibu Sandra Sembel S.E., S.Pd, MM. As the Head of International Business Concentration
- Bapak Bambang Supnang, S.Si., M.Si as the Academic Advisor
- All lectures who have already contribute in educating and shared their knowledge during the study period in Universitas Pelita Harapan
- Michael Yuan, Bryan Pangestu, Evan Reinaldo, Bryan Oskar, Federico Armadeus, Gilbert, Natasya Metta, Tifani, Vincent Brian Lau, Brian Thomas, Calvin Pratama Halim as Management Business School classmates.

As a final note, the authors realized that without the help and support of the above colleagues, the study would not have gone smoothly and the researchers realized that there is still much to be developed from this study and researchers are open to suggestions and criticisms that could be beneficial for subsequent research. In addition, researchers hope this research can be continued and further developed to provide wider knowledge for readers.
