

FOREWORD

Give away your worries and cares to God, for He cares about you.

-1 Pete 5:7

It's only by the grace and blessings of Lord Jesus Christ, this final thesis entitled **“PERCEPTION OF CHINESE INDONESIAN WOMEN TOWARDS INTERETHNIC MARRIAGE: A STUDY OF SYMBOLIC INTERACTIONISM”** can be well completed. This thesis is an epitome of comprehension during the study in Communication major and part of effort to accomplish Sarjana Ilmu Komunikasi, Universitas Pelita Harapan, Karawaci.

Begins at 3,5 years ago the moment the author stepped in the destined university Universitas Pelita Harapan until today arrives at the final step to reach bachelor degree, the author believes that every single in her life is lead merely by God's ultimate blessings manifested by presence of many wonderful people, especially the author's family, Robert Godjali, Tjong Ju Kim, Sandy Octavia, and not to forget, Ibu Kusmiati, for the understanding, encouragement, support, trust, for this whole years of life-they are the best 'home' that the author could ever wish for

In this precious opportunity, the author also would like to present the highest respect and gratitude to the names below:

12) The long-lost friends, Yoedi, Marisa Jaya, Chaterine Winata, and Roselyn Prima Winata who always show up in particular time like special forces.

With all humility, the author acknowledges that the thesis still possesses many deficiencies and imperfect. Critics, inputs, and suggestions are welcome for further improvement in the future. As all of this started with the grace of God, the end of it also the author humbly presents just merely for the glory of God.
