FOREWORD

I never thought I have that many words in my word bank to write a Word document, let alone a thesis paper. This thesis, titled “An Analysis of Effective Communication in Intercultural Marriages” summarizes four months’ worth of frustration and panic but also taught me I could accomplish anything as long as I put my mind and heart into it. This thesis completion also means that I am on my way to graduation! And for that, I would like to take this opportunity to express my appreciation to the following individuals:

2. Prof. Aleksius Jemadu, Ph.D., as the Dean of the Faculty of Social and Political Sciences.
3. Dr. Naniek N. Setijadi, S.Pd., M.Si., as the head of Department. Thank you for being supportive throughout my years in college.
4. Dr. Dra. Desideria L. D. Leksmono, M.Si., as the Chief Advisor of my thesis. Thank you for being my number one supporter. This thesis would not have seen the light of the day without your unwavering support and guidance.
5. Dr. Benedictus A. Simangunsong, S.Ip., M.Si., for guiding and the occasional enlightenment during the journey of my thesis as well as during my college years!
6 Miss Magdalena Lestari Ginting, S.Sos., M.P.A., M.I.Kom., for being a supportive examiner during the revision period and a supportive individual as a whole during my years in college.

7 Mr. Rizaldi Parani, S.Sos., MIR., for being such a cool examiner (and person in general!) during the thesis defense. Your constructive feedback molded the thesis into a better shape than it was. Academics aside, you have been a great mentor and shelling golden advices on my future careers.

8 Miss Agustin Diana Wardaningsih, S.E., M.I.Kom., as the Coordinator of the Final Project. Your helpfulness with the administration eased the journey of the thesis preparation.

9 All the lecturers and staff of the Department of Communication. Thank you for reminding me that having good grades will not define my future but instead, the constant enrichment of oneself is.

10 Wijaya folks. Thank you for paying for my tuition fees so that I do not have to work ten times as hard to pay off my student loans.

11 Aunt Lenny. Your way of being a support system by being a helicopter guardian played a part in the accomplishment of my college journey.

12 Sharla Reid for being my mentor. No matter how tough life may get, I remember how you have always believed that I could accomplish anything I set my mind to. This, is for you.

13 Jacinda. You have and will always be the reason behind my drive. This, is all for you.
14 Ladies I met and bonded during my years in college – Anjel, Daphne, Elvinia, Kezia Calesta and Tirayoh, Novie and Priscilla – you guys have made my journey a little more pleasant.

15 Naomi Michelle. Looks like we will be together for a while: “I wish I could reenact the fantasy scenes from 50 Shades of Grey. Like the one where she gets a job right out of college.”

16 Group mates of the thesis consultation: Cesya, Cindyva, Francesisca and Kezia, thank you for being my walking translators from the first day to the very last day of college. And guess what? We made it!

17 To the ones I met during this journey of college, thank you for being a part of my life.

18 Last but not least, Iskandar Ramli. Thank you for the unwavering support and patience especially when I was going bat excrement crazy stressing over the thesis and being the go-to guy for fixing the margins and the other nitty-gritty stuff!

In conclusion, this thesis is far from being perfect and hence, critiques and suggestions are highly encouraged. I hope that anyone who chances upon this thesis will be able to take away something that benefits themselves or others, one way or another.
