

## ACKNOWLEDGEMENTS

A profound gratitude to Jesus Christ, for only by His favor throughout this thesis entitled “CHARACTERIZATION OF EDIBLE FILM FROM LESSER YAM INCORPORATED WITH SODIUM BENZOATE AND OREGANO OIL AS ANTIMICROBIALS AND ITS APPLICATION AS EDIBLE COATING TO STRAWBERRY” could be completed. This thesis would not have not been possible to be completed without prayers, guidance, and assistance from other people. Therefore, the author would like to take this opportunity, to truly thank to:

1. Prof. Dr. Manlian Ronald A. Simanjuntak, ST., MT., D.Min., as Dean of Faculty of Science and Technology, for blessing and support during study in Universitas Pelita Harapan.
2. Ir. W. Donald R. Pokatong, MSc., Ph.D., Head of Food Technology Study Program, and as Thesis Supervisor for constructive comments, insightful suggestions, from the beginning of thesis proposal, throughout the research, and completion, and precise editing of the thesis.
3. Dr. Tagor M. Siregar, M.Si , Head of Chemistry Laboratory and Yuniwaty Halim, MSc. , Head of Quality Control and Research Laboratories, both acting as examiner for useful suggestions concerning thesis revision.
4. Wenny Silvia Loren Sinaga, M.Si as academic supervisor for the advices regarding academic aspect throughout the author study in university.
5. Natania, M.Eng. and Dr. Adolf J. N. Parhusip as Heads of Food Processing Laboratory and Microbiology Laboratory, respectively, who had given permission for the author to conduct research in the respective laboratory.

6. Ahmad Paoji Ridwan,S.E., Suhendra, Yosafat Rudju, Mateus Andra Gunawan, STP., and Virly, STP. as laboratory assistants who have patiently provide direction throughout the author’s research in the laboratory.
7. Julia Ratna Wijaya, MappSc as the former Head of Food Technology Department who has given the motivation to the author to start and finish the thesis well.
8. Beloved father (Lukas Iwan Setiadi), mother (Linda), sisters (Stella Priscillia Setiadi and Shania Pamela Setiadi), and big family (Setiadi family and Hioe family) for unconditional trust, endless love, prayers, and support during difficult times throughout the thesis completion.
9. Jessica Decyree and Josephine Lisa Charisa as *Gembili Girls* for all the laughters, assistance, and incredible teamwork throughout the thesis.
10. Nadya Larasati, Gracia Lunita, Melita Mulyani, Meilina Anastasia, and Janice Patricia as friends under the same supervisor for the support.
11. Jessica Decyree, Celia Darleen Irawan, Claudia Severesia, Lisa Angereni, Melita Paramita Dewanto, Evelyn, Priscilla Olivia, and Yulia Tendean for the encouragement, love, help, motivation, and prayers during the 3.5 years of study in Universitas Pelita Harapan.
12. Mario Kusuma, Bryan Anders, Irene Agustini, Natasha Janice, and Jeslyn Winata who have been greatly supportive; to get through this research in the most positive way.
13. Christopher Imasantoso Rimba, Eric Hutama, Vanessa Christie, and all members of Food Technology Batch 2013 for the enormous help to the author.

14. All relatives and friends whom cannot be mentioned one by one.

The author realized that this thesis is far from perfect, thus the author would apologize, appreciate criticisms, and accept suggestions if there were mistakes and errors in the report. Finally, the author hoped that this thesis report could be useful for pertinent readers. Thank you.

Tangerang, January 2017

<b>COVER</b>	
<b>STATEMENT OF THESIS AUTHENTICITY</b>	
<b>APPROVAL BY THESIS SUPERVISOR</b>	
<b>APPROVAL BY THESIS EXAMINATION COMMITTEE</b>	
<b>ABSTRACT</b> .....	v
<b>ACKNOWLEDGEMENTS</b> .....	vi
<b>TABLE OF CONTENTS</b> .....	ix
<b>LIST OF TABLES</b> .....	xiii
<b>LIST OF FIGURES</b> .....	xiv
<b>LIST OF APPENDICES</b> .....	xvi
<b>CHAPTER I INTRODUCTION</b>	
1.1 Background .....	1
1.2 Research Problem .....	3
1.3 Objectives .....	4
1.3.1 General Objective .....	4
1.3.2 Specific Objectives .....	4
<b>CHAPTER II LITERATURE REVIEW</b>	
2.1 Lesser Yam .....	5
2.2 Edible Film and Coating .....	7
2.2.1 Starch-based Edible Film and Coating .....	9
2.2.2 Plasticizer .....	10
2.2.2.1 Glycerol .....	10
2.2.2.2 Sorbitol .....	11
2.2.3 Antimicrobial Agents .....	11
2.2.3.1 Sodium Benzoate .....	13
2.2.3.2 Oregano Oil .....	14

2.3 Strawberry .....	15
2.3.1 Coated Strawberry .....	16

### **CHAPTER III RESEARCH METHODOLOGY**

3.1 Materials and Equipment.....	18
3.2 Research Stages .....	19
3.2.1 Preliminary Stage.....	20
3.2.1.1 Determination of Antimicrobial Activity.....	20
3.2.1.2 Lesser Yam Starch Isolation and Purification.....	22
3.2.2 Research Stage I.....	24
3.2.3 Research Stage II .....	26
3.3 Experimental Design .....	29
3.3.1 Preliminary Stage .....	29
3.3.2 Research Stage I.....	29
3.3.2 Research Stage II .....	32
3.4 Analysis Procedure.....	33
3.4.1 Lesser Yam Starch Chemical Analysis.....	33
3.4.1.1 Moisture Content.....	33
3.4.1.2 Ash Content.....	34
3.4.1.3 Protein Content .....	34
3.4.1.4 Fat Content.....	35
3.4.1.5 Carbohydrate .....	36
3.4.1.6 Starch Content.....	36
3.4.1.7 Amylose Content.....	37
3.4.1.8 Amylopectin Content .....	38
3.4.1.9 Degree of Whiteness .....	38
3.4.2 Edible Film Characteristics.....	38
3.4.2.1 Physical and Mechanical Characteristics of Edible Film.....	38
3.4.2.2 Water Vapor Transmission Rate. ....	39
3.4.3 Properties of Coated Strawberry.....	39
3.4.3.1 Hardness.....	39
3.4.3.2 Weight loss.....	39
3.4.3.3 pH.....	40

3.4.3.4 Total Sugar with Lane-Eynon Method.....	40
3.4.3.5 Total Titratable Acid .....	40
3.4.3.6 Total Plate Count (TPC) .....	41
3.4.3.7 Hedonic Test .....	41
3.4.3.8 Scoring Test .....	42

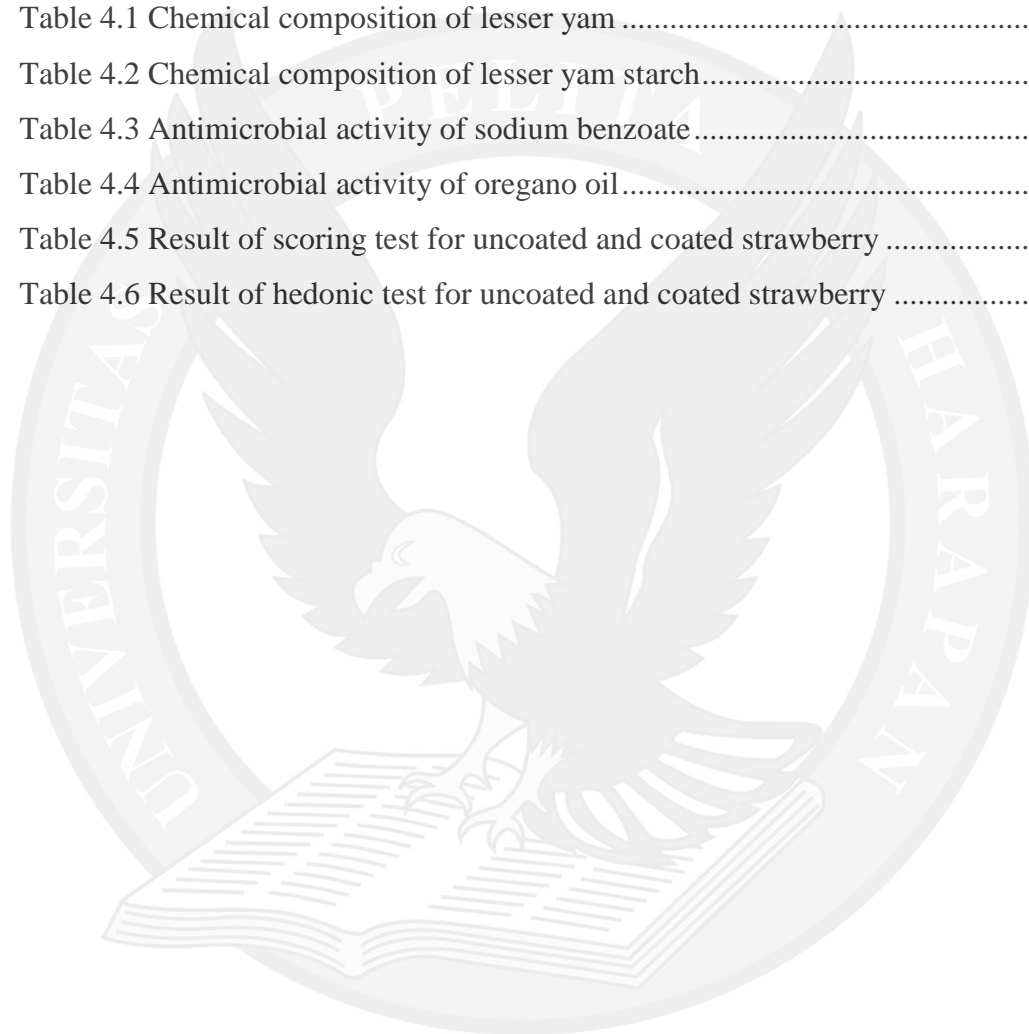

## CHAPTER IV RESULTS AND DISCUSSION

4.1 Taxonomical Verification and Chemical Composition of Lesser Yam .....	43
4.2 Characteristics of Lesser Yam Starch .....	44
4.3 Verification of Antimicrobial Activity of Natural Antimicrobial .....	45
4.4 Characteristics of Edible Film .....	46
4.4.1 Visual Appearance .....	46
4.4.2 Tensile Strength .....	47
4.4.2.1 Sodium Benzoate-Added Edible Film .....	47
4.4.2.2 Oregano Oil-Added Edible Film.....	48
4.4.3 Elongation.....	49
4.4.3.1 Sodium Benzoate-Added Edible Film .....	49
4.4.3.2 Oregano Oil-Added Edible Film.....	50
4.4.4 Thickness .....	51
4.4.4.1 Sodium Benzoate-Added Edible Film .....	51
4.4.4.2 Oregano Oil-Added Edible Film.....	52
4.4.5 Water Vapor Transmission Rate.....	53
4.4.5.1 Sodium Benzoate-Added Edible Film .....	53
4.4.5.1 Oregano Oil-Added Edible Film.....	54
4.4.6 Selected Edible Film Formulation .....	55
4.5 Coated and Stored Strawberry.....	56
4.5.1 Scoring and Hedonic Test.....	56
4.5.2 Weight Loss .....	58
4.5.2.1 Room Temperature Storage.....	58
4.5.2.2 Refrigeration Temperature Storage .....	59
4.5.3 Hardness.....	60
4.5.3.1 Room Temperature Storage.....	61
4.5.3.2 Refrigeration Temperature Storage.....	62

4.5.4 pH.....	63
4.5.4.1 Room Temperature Storage .....	64
4.5.4.2 Refrigeration Temperature Storage.....	65
4.5.5 Total Titratable Acidity .....	66
4.5.5.1 Room Temperature Storage .....	67
4.5.5.2 Refrigeration Temperature Storage.....	68
4.5.6 Total Sugar.....	69
4.5.6.1 Room Temperature Storage .....	70
4.5.6.2 Refrigeration Temperature Storage.....	71
4.5.7 Total Plate Count .....	72
4.5.7.1 Room Temperature Storage .....	72
4.5.7.2 Refrigeration Temperature Storage.....	74
4.5.7 Shelf life.....	76
<b>CHAPTER V CONCLUSIONS AND SUGGESTIONS</b>	
5.1 Conclusions .....	78
5.2 Suggestions.....	79
<b>BIBLIOGRAPHY .....</b>	<b>80</b>
<b>APPENDICES .....</b>	<b>85</b>

## LIST OF APPENDICES

	page
Appendix A. Species Verification of Lesser Yam.....	A-1
Appendix B. Chemical Composition of Lesser Yam.....	B-1
Appendix C. Characteristics of Lesser Yam Starch.....	C-1
Appendix D. Antimicrobial Activity of Natural Antimicrobial .....	D-1
Appendix E. Tensile Strength and Elongation of Edible Film.....	E-1
Appendix F. Thickness and Water Vapor Transmission Rate of Edible Film....	F-1
Appendix G. Sensory Test.....	G-1
Appendix H. Hedonic Test.....	H-1
Appendix I. Weight Loss of Strawberry.....	I-1
Appendix J. Hardness of Strawberry.....	J-1
Appendix K. pH of Strawberry.....	K-1
Appendix L. Total Titratable Acid of Strawberry.....	L-1
Appendix M. Total Sugar of Strawberry.....	M-1
Appendix N. Total Plate Count of Strawberry.....	N-1
Appendix O. Shelf Life of Strawberry.....	O-1
