

ACKNOWLEDGEMENTS

The researcher would like to thank Jesus Christ for all his guidance and blessing in every step of process in finishing this Final Paper titled “Antecedents to Intention to Join Brand Pages: An Empirical Study of Cause Related Marketing Advertisement.” This Final Paper is made in order to obtain bachelor’s degree in Faculty of Economics, Universitas Pelita Harapan, Karawaci. The researcher realize that this bachelor study and final paper would not be completed without the support and guidance from various parties. Thus, in this opportunity researchers would like to express the greatest gratitude to:

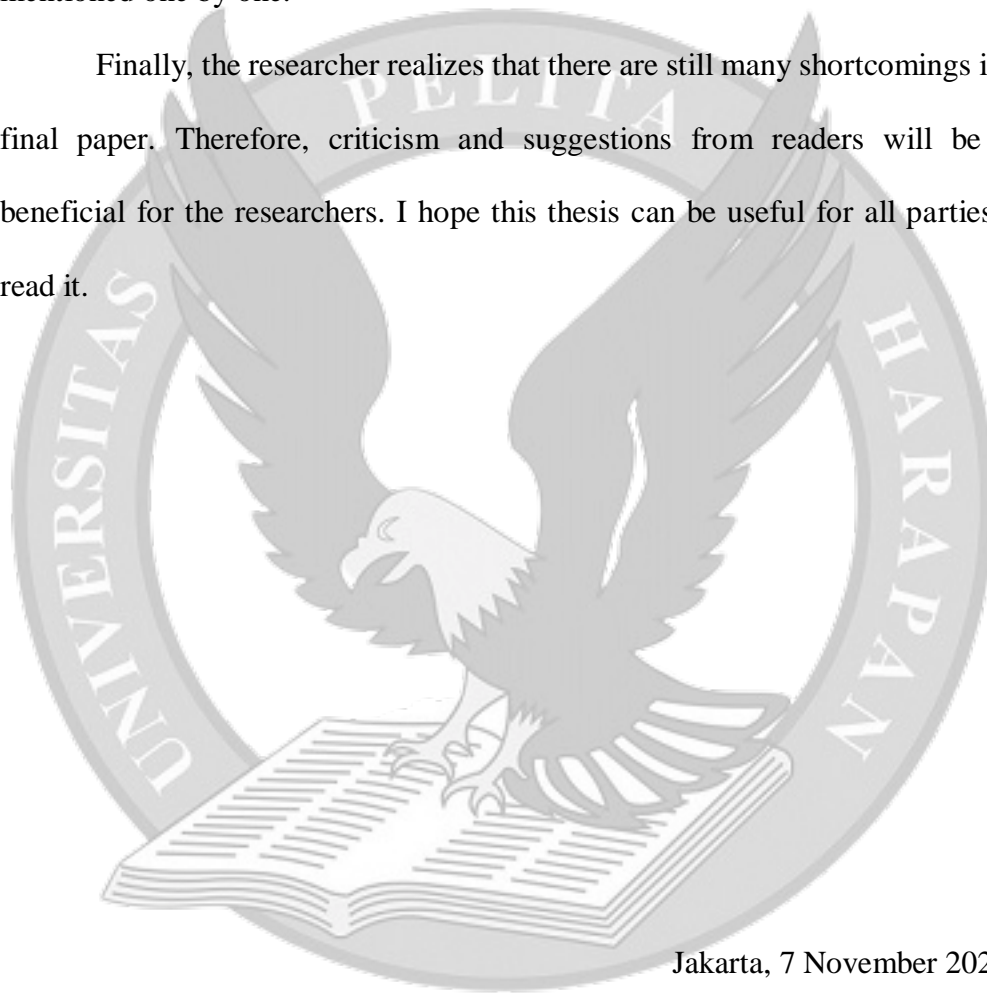

1. Dra. Gracia Shinta S. Ugut, M.B.A., Ph.D., as Dean of Faculty Economic and Business.
2. Isana S. C. Meranga, S.P., M.M., as Head of Management Study Program.
3. Dr. Sabrina Oktoria Sihombing, S.E., M.Bus., as the author’s thesis supervisor. Who has shown her patience and support. Which with her guidance and feedback enables the author to complete this thesis.
4. Willam Tjong. BSc. MBA., Ph.D., as the PA of RMIT Management 2016.
5. All staff and employees of Faculty Economic and Business who have helped all the administrative activities.
6. All staff and employees of Johannes Oentoro Library who have helped the researcher to graduate from Universitas Pelita Harapan Karawaci.
7. Natasha Anggraini Prawira as a friend and mentor during the thesis writing process
8. Janis Hendratet, Christina Lim and Marcel Christianis as family members of

Michael Christianis

9. Every student batch 2016 who became researchers' friend during our university year.

10. Every parties that have helped the researcher whose name cannot be mentioned one by one.

Finally, the researcher realizes that there are still many shortcomings in this final paper. Therefore, criticism and suggestions from readers will be very beneficial for the researchers. I hope this thesis can be useful for all parties who read it.
