

## ACKNOWLEDGEMENTS

Greatest gratitude expressed to God the Almighty towards His blessings and guidance for author to able finishing the thesis and the thesis report of “APPLICATION OF COCOA POWDER SUBSTITUTE MADE FROM ACIDIFIED AND FERMENTED DURIAN (*Durio zibethinus* L.) SEED IN THE PRODUCTION OF BROWNIES” that is written as one of the fulfillments of the academic requirements to procure the degree of *Sarjana Teknologi Pertanian* Food Technology, Universitas Pelita Harapan.

There were many difficulties and struggles eased during the internship by the help of many people. At this moment, author wanted to deliver gratefulness to those people, who are:

1. Eric Jobiliong, Ph.D. as Dean of Faculty of Science and Technology.
2. Dr. Nuri Arum Anugrahati, S.Si., MP. as the Vice Dean of Faculty of Science and Technology.
3. Laurence, S.T., M.T. as the Director of Administration and Student Affair of Faculty of Science and Technology.
4. Ir. Wilbur Donald Raymond Pokatong, M. Sc., Ph.D. as the Head of Food Technology Department and as academic supervisor for academic advices throughout the author study in university.
5. Ratna Handayani, M.P. as Deputy Head of Food Technology Department and helping author throughout any academic problems.
6. Natania, M.Eng as Thesis Supervisor for the time, guidance, critics, advices, and support throughout the completion of thesis research and as the Head of Food Processing Laboratory where author conducted the final project.
7. Yuniwaty Halim, M.Sc. as the Head of Quality Control and Research Laboratory where the author conducted the final project.
8. Aileen, S.T.P, Regy Tahapary, Mr. Darius, Mr. Adih, and Mr. Aji for the support and help at the laboratories.
9. Budijanto Chandra and Fellina Linggawati as beloved parents of authors for the endless love through supports, prayers, and affection.

10. Alexander Kevin for always listening, caring, helping, supporting, and encouraging to always thrive for the best.
11. Febiana Christy, Ida Ayu Komang Chandra Devi, Yolita Lilian, Adeline Permata, and Regrina Setiawan as friends of authors for giving good times, advices, and laughter during the thesis period and throughout the university time.
12. All 2017C class members, Ivan Hardantyo, Veren Christi, and Yohanes Marcell that give great unforgettable memories during the university time.
13. Evelyn Wijaya, Iola Kalonica, and Mona Felicia as thesis partners to discuss and help each other.
14. All friends at the odd term batch of final project that always kindly help author to do sets of sensory evaluation and always support each other.
15. All friends and relatives who had not been mentioned but also took part in supporting author during the internship program.

Author is opened for any suggestions and critics toward the imperfect report and any faults might occur during the research. In final words, author hopes that this report would be useful and informative for readers. Thank you.
