ACKNOWLEDGEMENT

This thesis with the title of "**AN ANALYSIS ON FACTORS AFFECTING GLOBAL BRAND AWARENESS OF E-SPORTS IN INDONESIA**" is done with the aim of fulfilling the requirement for completing undergraduate program in Universitas Pelita Harapan, Lippo Karawaci, Tanggerang.

This research is done by the researcher, but without the help of some people, the researcher would have not been able to finish it. In this opportunity, the researcher wants to particularly acknowledge and give appreciation to the following people:

1. Gracia Shinta S. Ugut., Ph.D., as Dean of Economics faculty of Universitas Pelita Harapan.
2. Ms. Isana S.C. Meranga, S.P., M.M as Head of Management Study Program, the researcher's both academic advisor and thesis advisor, who is always patient in guiding and mentoring the researcher throughout the process of not only making this thesis, but also throughout all the problems the researcher's encounters during his study in Universitas Pelita Harapan. The researcher wants to give eternal gratitude to her.
3. Ms. Jacquelinda Sandra Sembel, S.Pd, SE, M.M, as the AOE of International business concentration.
4. All the lecturers of Universitas Pelita Harapan Management program.
5. The researcher's parents, who support the researcher unconditionally throughout all the hardship the researcher's encounters throughout his life.
6. The researcher's peers and friends, especially Saurabh Tyagi and Elyssia Elain, who teach the researcher about some parts of the thesis.

7. Instituto de Empresa, or IE University, Segovia and Madrid, Spain, for giving the researcher the opportunity to study business administration for 2.5 years. It was at this time that the researcher learns most of his knowledge about the world of business.
8. Noble Academy, the place where the researcher works as a part-time teacher for allowing and accommodating the researcher's undergraduate study to the job.

The researcher knows that this thesis is nowhere near perfect, thus he appreciates any feedback and suggestion in order to further improve this study. The researcher also hopes that this thesis can advance the understanding and state of Indonesian e-sports and can be used for future references.
