

LOCATION MAP

The community service is conducted online through Zoom Application.

SCIENCE AND TECHNOLOGY OVERVIEW

What the Community Service team presented for the participants was knowledge related to food and beverage operation in the new normal era as well as the staff grooming in the new normal era. By understanding how to adjust with the new normal era, food and beverage establishment can provide a safe place for people to dine and also for staff, to work, as the new normal procedure will reduce the possibility of COVID-19 infection in a restaurant. Therefore, the Community Service team wants to share the knowledge that has been obtained by learning during college, field research, and reading some references with the audience in terms of food and beverage service operational and staff grooming in the new normal
