ACKNOWLEDGEMENT

Praises and gratitude to Almighty God, Allah SWT who always gives His gracious mercy and tremendous blessing that has helped the writer finishing this thesis entitled: “The Effectiveness of SHINee as Etude House Celebrity Endorser in Influencing Customer’s Buying Decision”, as a partial fulfillment to obtain Bachelor’s degree in communication studies in Universitas Pelita Harapan.

The writer would like to thank all of those who have given the contribution in the process of writing this thesis. Without their assistance and dedicated involvement in every step throughout the process, this paper would have never been accomplished. The writer would like to deliver this gratitudes to:

1. Prof. Aleksius Jemadu, as the dean of the faculty of social and political Science Universitas Pelita Harapan.

2. Dr. Naniek Setijadi, S. Pd., M. Si., as the associate dean of communication department and as the writer’s academic advisor.

3. Dr. Dra. Desideria L. D Suwu Leksmono, M.Si, as the writer’s advisor who has provided continuous support for this research, for her guidance, patience, and motivations. Her advice and valuable inputs helped the writer in all the time of research and writing of this thesis.

4. All lecturers in Universitas Pelita Harapan especially lecturers of communication departments, for the time, knowledge, and advice given throughout the writer’s years of study.
5. Writer’s family: Mom, Dad, brothers, and cousins as well as all the members of Sofjan and Martawardaja family for the endless love, patience, encouragement, prayers and spiritual supports not only during the writing of this thesis, but throughout the writer’s life.

6. Nabila, Salwa, and other A203 members, Tasha, Kiki, and Icha for always supporting and giving a hand anytime they can. For being a loyal companion in days and nights, for opening all opportunities for the writer in gathering the data for this thesis. Without their help, finishing this thesis on time would be impossible.

7. Kepoers: Febbie, Johanna, Olivia, Preena and Vera, for listening to all complaints, for the insights and for the endless encouragement given to the writer in finishing this thesis. And also thank you for making the three years spent in UPH worth remembering.

8. Agnes, Cantona, Cesya, Kezia, Sisca, and Venny for all the brainstorming sessions during consultations. Your advices and comments had help in improving this thesis.

9. All Grown Up group members especially Olivia, Danise, Riska, Acong, Hana and Muthi

10. All the fellow classmates on Ilkom Inter 2013, for all the helps before and during the writing of this thesis. Gratitude also goes to all the writer’s friends in Universitas Pelita Harapan.
I also place on record, my sense of gratitude to one and all, who directly or indirectly, have lent their hand in this venture. I realize this thesis is still far from perfection. Therefore, suggestions and constructive criticism are welcomed in order to improve this thesis. May this thesis be useful for the reader.

Karawaci, September 13 2016

# TABLE OF CONTENTS

**ABSTRACT** ........................................................................................................................ iv
**ACKNOWLEDGEMENT** ........................................................................................................ vi
**TABLE OF CONTENT** ........................................................................................................ viii

## CHAPTER I INTRODUCTION

I.1 Background .......................................................................................................................... 1
I.2 Problem Identification ........................................................................................................... 6
I.3 Statement of the Problem
   I.3.1 Research Question ........................................................................................................ 7
   I.3.2 Limitations of Study ...................................................................................................... 8
I.4 Purpose of the Study ............................................................................................................. 8
I.5 Significance of Study
   I.5.1 Academic Significance .................................................................................................. 9
   I.5.2 Practical Significance .................................................................................................... 9
I.6 Organization of Study .......................................................................................................... 10

## CHAPTER 2 RESEARCH OBJECTS

II.1 Etude House ....................................................................................................................... 12
   II.1.1 Etude House’s Marketing Programs .......................................................................... 15
II.2 SHINee ............................................................................................................................... 16
   II.2.1 SHINee as Etude House’s Celebrity Endorser .......................................................... 20

## CHAPTER 3 LITERATURE REVIEW

III.1 Communication ................................................................................................................ 23
   III.1.1 Definition of Communication .................................................................................... 23
III.2 Marketing Communication ............................................................................................... 25
   III.2.1 Marketing Communication Definition ...................................................................... 25
   III.2.2 Integrated Marketing Communication ..................................................................... 27
III.3 Advertising ....................................................................................................................... 29
III.4 Celebrity Endorsement ..................................................................................................... 32
III.5 Consumer Behavior .......................................................................................................... 42
III.5.1 Buying Decision ........................................................................................................... 43
III.6 State of Art ......................................................................................................................... 47
III.7 Theoritical Framework ..................................................................................................... 52

## CHAPTER 4 RESEARCH METHODOLOGY

IV.1 Research Method ................................................................................................................. 53
IV.2 Data Gathering Technique ................................................................................................. 54
   IV.2.1 Primary Data ............................................................................................................... 54
   IV.2.2 Secondary Data .......................................................................................................... 56
IV.3 Concept Operationalization ............................................................................................... 56
CHAPTER 5 RESEARCH FINDINGS & DISCUSSIONS

V.1 Research Findings ........................................................................................................ 72
   V.1.1 Profile of Respondents .......................................................................................... 72
   V.1.2 Respondent Demographics .................................................................................. 73
      V.1.2.1 Respondents’ University .............................................................................. 73
      V.1.2.2 Respondents’ Age ....................................................................................... 75
      V.1.2.3 Respondents’ Gender .................................................................................. 75
   V.1.3 Knowledge of Respondents .................................................................................. 76
   V.1.4 Celebrity Endorser ............................................................................................... 78
      V.1.4.1 Trustworthiness ............................................................................................ 78
      V.1.4.2 Expertise ........................................................................................................ 80
      V.1.4.3 Physical Attractiveness ................................................................................. 82
      V.1.4.4 Respect ........................................................................................................... 84
      V.1.4.5 Similarity .......................................................................................................... 86
   V.1.5 Customers’ Buying Decision ................................................................................. 89
      V.1.5.1 Problem Recognition ...................................................................................... 89
      V.1.5.2 Information Gathering .................................................................................... 91
      V.1.5.3 Evaluations of Alternatives ........................................................................... 94
      V.1.5.4 Purchase Decision ........................................................................................ 96
      V.1.5.5 Post-purchase .................................................................................................. 98
   V.1.6 The influence of TEARS attributes towards buying decision ...................... 101
      V.1.6.1 Normality test .............................................................................................. 101
      V.1.6.2 Correlation analysis ...................................................................................... 102

V.2 Discussion ..................................................................................................................... 104
   V.2.1 Trustworthiness .................................................................................................. 104
   V.2.2 Expertise ............................................................................................................ 106
   V.2.3 Physical Attractiveness ...................................................................................... 108
   V.2.4 Respect ................................................................................................................ 109
   V.2.5 Similarity ............................................................................................................. 110

CHAPTER 6 CONCLUSION AND SUGGESTION ..................................................................... 113
IV.1 Conclusion ................................................................................................................. 113
Iv.2 Suggestion........................................................................................................... 113
V.2.1 Academic Suggestion....................................................................................... 114
V.2.2 Practical Suggestion........................................................................................ 115
