ACKNOWLEDGEMENT

May all glory be to the Lord Almighty for His countless blessings, continuous guidance and love that made it possible for this thesis entitled “Factors That Determine Income Smoothing Practices” to be completed well and according to His will. This thesis is written to attain the Bachelor Degree in Accounting at the Business School of Universitas Pelita Harapan, Lippo Village, Tangerang, Banten. The writer realizes that without the continuous support and guidance from all parties, this thesis could not have been done well. On that note, the writer wishes to thank and give the highest respect to these names written:

1. Dra. Gracia Shinta S. Ugut, M.B.A., Ph.D., as the Dean of Business School, Universitas Pelita Harapan.
2. Dr. Antonius Herusetya, Ak., M.M., CA. as the Head of Study Program of Accounting.
3. The supervisor of this thesis, Dr. Mulyadi Noto Soetardjo, Ak., M.Com., CA., CPA. for his time, guidance, and patience since the beginning of this thesis.
4. The academic advisor, Dr. Antonius Herusetya, Ak., M.M., CA. for his guidance throughout my studies in UPH.
5. All the lecturers and staff at UPH for their support and continuous help throughout my studies in UPH.
6. The writer’s parents, big brother, little brother and family friends for their continuous love, support and advice.

7. Friends in UPH Cindy, Evalia, Giffin, Juliana, Lethicia, Monica, Nikki, and Tesalia for their support and all the laughter that helped writer get through university's life.
8. The writer's mentor, Kemal, who has been there in times of need, guiding his mentees every step of the way since semester 1.
9. Fellow classmates in A class Accounting 2015 who have been through this journey together in UPH since the beginning.

The writer also realizes that this thesis is still far from perfection, and wishes to receive any critics, advices, and suggestions as an input for the writer to improve in the future.

Lastly, the writer wishes that this thesis could be helpful in any way and may be put to good use.

Lippo Village, 8 July 2019

TABLE OF CONTENTS

ABSTRACT ..... **v**

ACKNOWLEDGEMENT ..... **vi**

TABLE OF CONTENTS ..... **viii**

LIST OF FIGURES ..... **xi**

LIST OF TABLES ..... **xii**

CHAPTER I INTRODUCTION

1.1 Background 1

1.2 Research Problem 3

1.3 Research Objective 4

1.4 Significance of the Study 5

1.5 Scope of the Study 6

1.6 Systematic Discussion 6

CHAPTER II THEORETICAL FRAMEWORK AND HYPOTHESIS DEVELOPMENT

2.1 Basic Concept Definition 8

2.1.1 Agency Theory 8

2.1.2 Income Smoothing 9

2.1.3 Profitability 10

2.1.4 Managerial ownership 12

2.1.5 Financial Leverage 13

2.1.6 Cash Holding 14

2.1.7 Auditor Reputation 15
2.2 Literature Review 15
2.3 Theoritical Framework 18
2.4 Hypothesis Development 19
2.4.1 The impact of profitability on income smoothing practices 19
2.4.2 The impact of managerial ownership on income smoothing practices. 20
2.4.3 The impact of financial leverage on income smoothing practices..... 21
2.4.3 The impact of cash holding on income smoothing practices..... 21
2.4.5 The impact of auditor reputation on income smoothing practices 23
CHAPTER III RESEARCH METHODOLOGY25
3.1 Population and Sample 25
3.2 Empirical Model 26
3.3 Operational Variable Definition 28
3.3.1 Dependent Variable (Income Smoothing) 28
3.3.2 Independent Variable 29
3.4 Method for Data Analysis 31
3.4.1 Test of Goodness of Fit 32
3.4.2 Descriptive Statistics 34
3.4.3 Hypothesis Testing 34
CHAPTER IV RESULTS AND DISCUSSION
4.1 Test of Goodness of Fit 36
4.1.1 Hosmer and Lemeshow Test 36
4.1.2 Overall Model Fit 37

4.1.3 Coefficient of Determination (Nagelkerke R Square) 39

4.2 Descriptive Statistic 40

4.3 Hypothesis Testing 42

4.3.1 Wald Test 42

4.3.2 Classification Matrix 47

CHAPTER V49 CONCLUSION AND RECOMMENDATION

5.1 Conclusion 49

5.2 Research Limitations 51

5.3 Recommendation 52
