Legal Liability for Issuance of Blank Bilyet Giro in Indonesia

(ix + 77 pages)

This study aims to explain the legal liability of publishers who issue Bilyet Giro Kosong. In various laws and regulations, there is no clear and specific regulation regarding legal liability to the issuer of blank bilyet giro, from this problem the author wants to try to analyze the various rules governing the existence of blank bilyet giro which are considered legally in Indonesia. The author wants to analyze violations of legal provisions that can be imposed on the publisher if it has issued a Blank Bilyet Giro. This is because the authors find anomalies in which the existence of Blank Giro issuer account only. The purpose of the authors to analyze the topic of this problem is to find out and be able to explain that the publisher will not only be subject to sanctions on the account, but the publisher as a legal subject will be subject to violations of the Criminal Law of Fraud Article 378 of the Criminal Code or the Civil Law of Default Acts the basis for the issuance of Blank Bilyet Giro. This research was conducted by the author using the normative-empirical legal research type, because the author will analyze the legislation and regulations regarding the giro which is analyzed from laws and regulations and strengthened by the results of the interview as an empirical element. While the approach used is the legal systematic approach.
