Namo Buddhaya, this thesis was written as one of the requirements to obtain Master Degree in Educational Technology major in TESOL, Pelita Harapan University

This thesis was a compilation of struggle, hard work, sweat and also happiness. It’s also the proof of how people care and support me. Therefore, this sincere gratitude of mine would never be abundant for those people contributed in completing this thesis report.

My highest gratitude and praises for the almighty Buddha Gautama who made all of this possible. Thanks for giving me strength and determination to finish this thesis report. I thank you for all your love and blessing which I get through such magnificent people in my life. At this time, I would like also to express my deepest appreciation for the following people who have supported me throughout the entire process with their contributions, helps, encouragements, prayers and guidance to complete this thesis:

2. Dr. Niko Sudibjo, S.Psi., M.A., Head of Master of Education Program Pelita Harapan University.
3. Dr. Hananto, as my thesis advisor, for your constant guidance, wisdom, knowledge, kindness and patience in helping me throughout the entire process of the thesis writing. I realize that this thesis would not be finished without your help.
4. Mr. Agus and Mrs. Rebecca, thank you for becoming my examiners and prior supervisors. Moreover, thank you so much for your willingness to read this thesis and give me some useful suggestions during my study in Pelita Harapan University.

5. My parents, for the love, mental support, as well as the financial. There is no word to describe their graceful. This thesis is dedicated to them.

6. My sister, Vinita, for being my good friend, arguing partner, motivator and the best editor. You are my best friend and sister. Without your help, my thesis would not be finished on time.

7. My friend, Ursula, for being my editor. You really helped me a lot in correcting my thesis’ grammar.

8. My best friends, Ci Haidy and Ci Lucy, all of you are the one who can understand and motivate me in my worst time.

9. My husband, Readi, you are my best partner. You always understand me, become my friends and accompany me everywhere.

10. Mr. Yoseph, the principal of Stella Maris Senior High School, for giving me time and place to do my research.

11. My friends in Stela Maris School, Ronald, Ms. Felice, Ms. Niken, and all my friends in Stella Maris Senior High School and Primary, for helping me by giving a place for doing my research and giving me support to finish it faster.

12. All grade X students in Stella Maris Senior High School as invaluable participants in this research.
13. My friends in TESOL class, Mba Laksmi, Mba Amy, Maria, Dora, Lisa, and Joanne for our friendship, support, and discussion time.

For anyone else who I can’t mention one by one, thanks for your kindness, warmth and support during my enjoyable study in Pelita Harapan University. Moreover, the writer recognizes that this thesis is still far from being perfect. I would like to extend sincere apology for any offensive mistakes or incorrect analysis and information probably found in this thesis. I still hope this thesis will be useful for the readers.

Sabbe Satta Bhavantu Sukhitatta
Semoga semua makhluk berbahagia
Sadhu Sadhu Sadhu

ABSTRAK ........................................................................................................ vi
ABSTRACT ...................................................................................................... vii
ACKNOWLEDGEMENT .................................................................................. viii
TABLE OF CONTENTS .................................................................................. xi
LIST OF FIGURES ........................................................................................ xiv
LIST OF TABLES .............................................................................................. xv
LIST OF APPENDICES .................................................................................... xvii

CHAPTER I INTRODUCTION

1.1 Research Background ............................................................................. 1
1.2. Statement of the problem ...................................................................... 2
1.3. Research Aim and Objectives ............................................................... 2
1.4. Research Questions .............................................................................. 2
1.5. Research Significance .......................................................................... 3
1.6. Definitions of the Key Concepts .......................................................... 3
1.7. Thesis Overview .................................................................................... 4

CHAPTER II LITERATURE REVIEW

2.1 Reading .................................................................................................... 6
  2.1.1 Reading Definition ................................................................................ 6
  2.1.2 Different Kinds of Reading ................................................................. 7
  2.1.3 Comprehension Components ............................................................. 9
2.2 Reading Comprehension ......................................................................... 10
  2.2.1 The Importance of Reading Comprehension ..................................... 12
  2.2.2 Basic Skill Development of Reading Comprehension ..................... 13
  2.2.3 Levels of Reading Comprehension .................................................. 15
  2.2.4 Factors Affecting Reading Comprehension ..................................... 16
  2.2.5 Reading Comprehension Strategies ................................................. 18
2.2.6 Benefits and problems in Reading Comprehension ................... 20
2.2.7 Previous Studies Related to Reading Comprehension ............... 27

2.3 Vocabulary ............................................................................. 29
2.3.1 Vocabulary Definition.......................................................... 29
2.3.2 The Importance of Vocabulary ............................................. 30
2.3.3 Types of Vocabulary ............................................................. 32
2.3.4 Definition of Vocabulary Size .............................................. 33
2.3.5 The Importance of Measuring Vocabulary Size .................... 34
2.3.6 Methodology to Measure Vocabulary Size ............................ 36
2.3.7 Relationship of Vocabulary Size and Reading Comprehension .... 37
2.3.8 Previous Studies Related to Vocabulary Size ....................... 40

2.4 Reading Habit ......................................................................... 42
2.4.1 Importance of reading habit ................................................ 44
2.4.2 Factors that influence reading habit ..................................... 45
2.4.3 Previous Studies related to Reading Habit ............................ 47

2.5 Reading Motivation ................................................................ 49
2.5.1 Theories of reading motivation ............................................. 49
2.5.2 Different kinds of motivation ................................................. 51
2.5.3 Previous Studies related to Reading Motivation .................... 55

CHAPTER III METHODOLOGY

3.1 Research Design ..................................................................... 58
3.2 Research Setting and Participants .......................................... 59
4.2.1 Time and Place ................................................................. 59
4.2.2 Subjects ............................................................................ 59

3.3 Research Instruments .............................................................. 60
3.3.1 Reading Comprehension Test ............................................ 60
3.3.2 Vocabulary Test ................................................................. 61
3.3.3 Questionnaire .................................................................... 62

3.4 Research Procedure .................................................................. 64
3.5 Data Collection ........................................................................ 65
3.6 Data Analysis .......................................................................... 66
3.6.1 Validity ............................................................................. 68
CHAPTER IV RESULTS AND DISCUSSION

4.1 Descriptive Statistic ........................................................................................................... 76
   4.1.1 Reading Comprehension Test Result ........................................................................... 76
   4.1.2 Vocabulary Size Test (2,000 words level) ................................................................... 82
   4.1.3 Vocabulary Size Test (3,000 Words Level) ................................................................. 84
   4.1.4 Reading Habit .............................................................................................................. 88
   4.1.5 Reading Motivation ...................................................................................................... 101

4.2 Correlation Analysis .......................................................................................................... 103
   4.2.1 Reading Comprehension and Reading Habit ............................................................... 104
   4.2.2 Reading Comprehension and Reading Motivation ..................................................... 104
   4.2.3 Reading Comprehension and Vocabulary Size in 2000 words Level 105
   4.2.4 Reading Comprehension and Vocabulary Size in 3000 words Level 106

4.3 Discussion ......................................................................................................................... 107

CHAPTER V CONCLUSIONS AND SUGGESTIONS

6.1 Conclusions ...................................................................................................................... 109
6.2 Limitation of The Study ................................................................................................. 111
6.3 Implications .................................................................................................................... 111
6.4 Recommendation for Future Research .......................................................................... 112
6.5 Suggestions .................................................................................................................... 112
