

## ACKNOWLEDGEMENTS

A profound gratitude to Jesus Christ, for only by His favor throughout this thesis entitled “UTILIZATION OF “*RAJA BULU*” BANANA PEELS FLOUR IN THE MAKING OF WHEAT FLAKES” could be completed. This thesis would not have been possible to be completed without prayers, guidance and assistance from other people. Therefore, the author would like to take this opportunity, to truly thank to:

1. Yuniwaty Halim, M.Sc., as Thesis Supervisor for constructive comments, insightful suggestions, from the beginning of thesis proposal, throughout the research, and completion, and precise editing of the thesis.
2. Eric Jobiliong, Ph.D., as the Dean of the Faculty of Science and Technology
3. Dr. Nuri Arum Anugrahati, as the Vice Dean of the Faculty of Science and Technology.
4. Laurence, M.T., as the Director of the Faculty of Science and Technolgy.
5. Ir. W. Donald R. Pokatong, M.Sc., Ph.D., as Head of Food Technology Study Program who has provided the opportunity to conduct the thesis research.
6. Ratna Handayani, M.P., as the Vice Head of Food Technology Study Program for the guidance and assistance during the author’s research.
7. Yuniwaty Halim, M.Sc., Head of Quality Control and Research Laboratories, Dr. Tagor M. Siregar, M.Si., Head of Chemistry Laboratory and Natania, M.Eng., Head of Food Processing Laboratory, who had given permission for the author to conduct research in the respective laboratory.
8. Mr. Darius, Mr. Regi, Mr. Adi and Mr. Aji who have patiently provided direction throughout the author’s research in the laboratory.
9. Beloved family for unconditional trust, endless love, prayers and support during difficult times throughout the thesis completion.
10. Alvin, Christian Hubert, Delvin Kho, Saverius Chandra for the help and support in lab.

11. All members of class 2017 who could not be mentioned one by one for the help, motivation, company, support, care and comfort and experiences shared during thesis.

It is realized that this report is far from excellence. Critics and suggestions are gladly accepted for better improvement in the future. Hopefully this report would provide useful information for the readers.
