

## ACKNOWLEDGEMENT

Praise the Almighty God for the blessings that He has bestowed so that the writer can complete this thesis to fulfill one of the academic requirements to achieve a Sarjana Ekonomi degree in Accounting at the Faculty of Economics of Universitas Pelita Harapan.

On this occasion the author would like to also thank various parties who have directly or indirectly been willing to provide assistance, support, direction, and guidance, especially to:

1. Niel B. Nielson, MA., Ph.D. as the Dean of Faculty of Economics of Universitas Pelita Harapan.
2. Dr. Antonius Herusetya, Ak., MM., CA as the Head of Accounting Study Program of Faculty of Economics of Universitas Pelita Harapan.
3. Dr. Mulyadi Noto, M.Com., Ak., CA, CPA as the supervisor who has spent a lot of time to patiently and openly provide guidance, criticism and suggestions, as well as good advice during the preparation of this thesis.
4. All lecturers and teaching assistants of Faculty of Economics of Universitas Pelita Harapan who have provided guidance, knowledge, and assistance that are very useful for the writer.
5. All staffs of Faculty of Economics of Universitas Pelita Harapan who have always helped the writer in administrative matters.

6. Beloved parents and family who have always supported and encouraged the writer.
7. Mariana who has always cheered and provided support and encouragement to the writer.
8. Erwin, Alvin, Josephine, Denis, Simon, and Darren who have always provided help, support, and inspiration during the process of writing this thesis as well as other fellow RMIT classmates including Larasaty, Radhika, Kunal, Kenneth, Tri, Sabrina, Glenn, Donna, Milka, Cindy, Inez, Christian, Jihye, Rani, and Felicia who also have always supported the writer.
9. All other parties that cannot be mentioned one by one by the writer who have provided a lot of assistance until the completion of this thesis.

The writer realizes that this thesis cannot be separated from shortcomings given the limited knowledge and experience of the writer. Hence, the writer is open and grateful for any criticism and suggestion to complete this thesis to make it better. Finally, the writer hopes that this thesis can be useful for all parties.

Karawaci, 14<sup>th</sup> December 2018
