

ACKNOWLEDGMENT

All praise to God for all His blessings, mercy, and kindness that permit the researcher to ensure this research can be completed on time. With his grace, he has given the researcher the strength and capability to learn and gain knowledge. Simultaneously, his patience and wisdom was reflected through the researcher during the course of this research. This research paper with the title of “**THE IMPACT OF PERCEIVED BRAND GLOBALNESS THROUGH PERCEIVED BRAND QUALITY, BRAND PRESTIGE AND COUNTRY OF ORIGIN ON PURCHASE INTENTION OF APPLE’S IPHONE IN JABODETABEK**” served the purpose to meet the academic requirement for the researcher to earn a Bachelor of Economics degree in the Management Study program with a concentration in International Business.

Though the research is limited by a researcher’s own efforts, with hard work and determination, the researcher was able to finish this endeavour on time. This research paper has profoundly challenged the researcher to fruitfully gain more knowledge, think deeply, and have learned to be more resilient at heart and spirit. With full effort, this research paper was written. From her family and friends, the researcher knows that effort is never wasted, instead it is unceasingly valuable, powerful and appreciated. Thus, the researcher would like to take time to thank all those who have assisted and motivated the researcher to finish this paper and has supported the researcher since the very beginning of her University Journey. The researcher would like to express utmost gratitude to the following:

1. Dra. Gracia Shinta S. Ugut, MBA, Ph.D. as the Dean of faculty of Economics and Business.
2. Vina Christina Nugroho, S.E., M.M. as the Head of the Management Study Program.

3. Dr. Pauline Henriette P. Tan., MS.i as my thesis supervisor, who has guided me, supported me, and taken her time to truly assist me throughout this research paper.
4. Sir Jacob Donald Tan as my academic advisor who has supported and guided me throughout my university studies.
5. Ms. J. Sandra Sembel, S.Pd., S.E., MM.. as the Head of the International Business concentration for her assistance and support.
6. Johanne Oentoro library provided me with books to aid in my research.
7. To all my lecturers who have taught me and believed in me from the economics and Business department as well as the Liberal Arts department that I have acquired knowledge from. I will always Appreciate and have Gratitude for their kindness, time, hard work and commitment to teach me and my classmates.
8. To all the University administration and Business School staff for their hard work, support, and assistance for my education and research paper.
9. To my parents and brothers, who I am so grateful for, they have constantly believed in me, supported me, prayed for me, and motivated me during my time at university. They have showered me with their love and encouragement every day during my time in university and this research paper.
10. To my best friend who I consider my sister and am appreciative to have her every day. She has been a constant support system in my university years and her prayers have allowed me to finish this paper on time and has motivated me to work on this paper with my utmost effort.
11. To all my closest university friends that I consider as my family and friends for life. They have supported me during university through thick and thin and this research paper. Most of all always believed in me and provided me with so much happiness.
12. To my other close friends who have constantly been there for me and given me their blessings throughout this research and my time in University.

13. To my all my classmates and teammates who I have bounded with. They have helped me get through my university studies and my thesis, as it was an endeavour we all went through together. I have had some of the best classmates and group members anyone could ask for.

14. To all those who filled my questionnaire for the purpose of this research and shared it with their family and friends. They have all shown their support for this research by their valuable contribution.

Lastly, the researcher knows that every research has its limitations thus criticisms and suggestions are allowed, it will be respected and extremely appreciated. It is sincerely hoped this research can become a beneficial and a valuable piece of literature.

Tangerang, November 19, 2020,

The researcher.
