

ACKNOWLEDGEMENTS

Praise Almighty God for His love and mercy, the author would not have been able to complete his final paper without His wisdom and grace. He allowed me to learn something new that I would never be able to see if I was to do this alone.

The research paper with the title "**THE IMPACT OF PRODUCT QUALITY, BRAND FAMILIARITY, PRODUCT FEATURES AND SOCIAL INFLUENCE TOWARD PURCHASE INTENTION OF IPHONE AS IN INTERNATIONAL BUSINESS**" has been conducted to fulfill the requirement to acquire Bachelor of Economics degree in Management Study Program. Even though this paper shows no perfection, I hope my work will be useful one day for future researchers who are willing to do further research regarding the same topic.

I would like to truly appreciate each and every one of who has helped, supported, and prayed for me to be able to finish this research paper on time. I would like to express my gratitude specifically to:

1. Gracia Shinta S. Ugut, MBA., Ph.D. as the Dean of the Faculty of Economic and Business.
2. Vina C. Nugroho, S.E., M.M. as the Head of Management Study Program.
3. Dr. Sidik Buiono, S.E., M.E. as the head of the committee and examiner of my thesis defence
4. Dr. Pauline Henriette. P. Tan, S.E., M.Si. as main supervisor for this thesis
5. J.Sandra Sembel, S.Pd., S.E., M.M as the examiner of my thesis defence
6. Liza Handoko, S.E., M.M., who has always shown me the way in studies.
7. Kim Sung Suk as my academic advisor for a long time in UPH.

8. Everyone who helped me to complete this research.

Finally, the researchers admit that their research has limitations. As a result, suggestions and comments are welcome in order to improve the research's quality. I hope that this research paper will be beneficial for a number of purposes and that it will assist others in better understanding what is being conveyed in this research paper.
