ABSTRACT

Yamaha is a motorcycle brand that is one of the market leaders in Indonesia. During the pandemic, motorcycle sales have decreased. This study aims to determine the Effect of Digital Literacy, Technology Integration, Technological Acceptance Model, and Brand Image on Purchase Decisions at Yamaha Dealers in Indonesia. The study distributed questionnaires using Google Forms to 250 respondents throughout Indonesia. The sampling technique used is probability sampling, by means of random sampling. The research data analysis technique uses Partial Least Square-Structural Equation Modeling. The results show that Digital Literacy, Technology Integration, Technological Acceptance Model, and Brand Image have an effect on purchasing decisions. This study provides management implications and recommendations for further research.
