

## ACKNOWLEDGEMENT

Firstly, I would like to express my sincere gratitude to my advisor Dr. M. Alkirom Wildan, SE., M.Si for the continuous support of my Master study and related research, for his patience, motivation, and immense knowledge. His guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisor and mentor for my Master study.

Besides my advisor, I would like to thank to my co-advisor Hastuti Naibaho, SE., M.Si for her insightful comments and encouragement, but also for the hard question which incited me to widen my research from various perspectives.

I thank my fellow classmates for the stimulating discussions, for the sleepless nights we were working together before deadlines, and for all the fun we have had in the last two years. Also I thank my friends in Universitas Pelita Harapan Surabaya. In particular, I am grateful to Hendry William for helping me with the statistics.

I would like to thank to my fellow colleagues in Humanities Faculty: Mr. Huw Brookes, Ms. Anik and Mr. Agus Ruby for covering my classes. I also thank to Mr. Erik Hoekstra for the opportunity he has provided me. To Ms. Erin Baugher for the discussion and ideas so that I could improve my thesis.

Last but not least, I would like to thank my family: my parents, my aunts, my brother, my mentor Mr. Tak Ki Tai and my beloved Hendroyono Wibowo for supporting me spiritually throughout writing this thesis and my life in general.
