ABSTRACT

Marine Novita (**01619210035**) :

THE INFLUENCE OF SITE REPUTATION, INFORMATION QUALITY, CUSTOMER TRUST, CUSTOMER SATISFACTION AND CUSTOMER LOYALTY ON REPURCHASE INTENTION AND WOM INTENTION IN RUMAH.COM

This research aims to analyze the factors influencing Repurchase Intention and WOM Intention on Rumah.com's website. The sample in this study were those who live in the territory of Indonesia, there were 418 respondents who answered that they knew the Rumah.com website and 378 respondents who answered that they had purchased or rented through Rumah.com.

The data is then further processed using SmartPLS to perform reliability and validity tests and evaluate the outer and inner models.

The results showed that Site Reputation has a positive effect on Customer Trust and Customer satisfaction where Customer Trust has a positive effect on Customer Loyalty, Repurchase Intention and WOM Intention, as well as Information Quality has a positive effect on Customer Engagement and Customer Satisfaction, Customer Satisfaction has a positive effect on Customers Trust, Repurchase Intention and WOM Intention. From these results it can be seen that to increase Repurchase Intention and WOM Intention, Rumah.com must maintain and improve Site Reputation and Information Quality. For example by building a good reputation, providing accurate information, conducting marketing campaigns so that people are familiar with the name Rumah.com, building a good brand image, providing accurate and reliable information related to the property that consumers are interested in buying or renting.
