“THE EFFECT OF PERCEIVED VALUE ON BRAND CHOICE MEDIATED Brand Authenticity AND BRAND TRUST (STUDY ON SUSU MURNI NASIONAL WEST JAVA)”

Indonesia is one of the countries with the lowest consumption of milk compared to other countries, even so the competition in the dairy industry in Indonesia is quite competitive with the many brands of ready-to-drink milk. This study examines the influence of brand trust, Brand Authenticity, healthy values, economic values, sensory values, Nostalgic Values and social values on brand choice. This research was conducted on 197 consumers in the city of Bandung. The type of research used is quantitative with SEM-PLS analysis techniques. The results of the study show that brand trust and Brand Authenticity have a significant influence on brand choice, as well as Brand Authenticity have an influence on brand trust. Healthy value, sensory value and Nostalgic Value have a significant influence on brand authentic, while only Nostalgic Value has an effect on brand trust.
