THE INFLUENCE OF TRANSFORMATIONAL LEADERSHIP, ORGANIZATIONAL CULTURE, AND WORK ENVIRONMENT ON ORGANIZATIONAL COMMITMENT WITH JOB SATISFACTION AS AN INTERVENING VARIABLE IN ABC FOUNDATION TEACHERS

(xiv + 83 pages : 19 tables; 10 figures; 4 appendices)

Teachers are the most important thing in shaping a person's attitude and mentality, so it is important to maintain the work commitment of teachers. This research examines the influence of transformational leadership, organizational culture, work environment and job satisfaction on organizational commitment of teachers who work at the ABC Foundation. This research was conducted on 131 teachers who work at the ABC Foundation. The method used is quantitative with the SEM-PLS analysis technique. The research results show that transformational leadership, work environment and job satisfaction can positive influence teachers' work commitment, while organizational culture does not. The research results also show that transformational leadership, organizational culture and work environment can have a significant positive effect on job satisfaction. Job satisfaction was unable to significantly mediate the influence of transformational leadership, organizational culture and work environment on work commitment.
