

## **ACKNOWLEDGEMENT**

May all glory be to Allah and Jesus Christ, Lord Almighty for His blessings, guidance and love that made it possible for this thesis entitled “The Effect of Price Level and Price Sensitivity on Store Price Image and Repurchase Intentions in Starbucks Senayan City Mall” to be well completed and done in accordance with His guidance. This thesis consisted with knowledge, efforts and experiences that were obtained through more or less three years of studies at Universitas Pelita Harapan Karawaci, and intended to attain the Sarjana/Bachelor Degree in Management from The Faculty of Business School of Universitas Pelita Harapan, Karawaci Lippo Village, Tangerang, Banten.

All the hardwork in order to make this thesis well compiled also will likely be impossible to do without the help, guidance, support and prayers from the people around writers. Hence, in this opportunity researchers would like to present gratitude and honor to those names will be written down below:

1. Gracia Shinta S. Ugut, MBA., Ph.D., as the Dean of Faculty of Economics and Business, Universitas Pelita Harapan
2. Isana C. Meranga as the Head of Management Study Program
3. Oscar Jayanegara as the Supervisor of this thesis for his time, patience, inputs and guidance he has done to help writers of doing the research. Also for sharing his remarkable knowledge about doing the research well and timely managed.
4. William Tjong as authors Pembimbing Akademik for the past 2 years, for his patience and support to his students.

- 
5. To all undergraduate lecturers at Universitas Pelita Harapan Business School especially those who thought RMIT Management Classes for their support and education.
  6. The Family of Mr. MS Safriadi, Mr. Santo Sudja and Mr. Ory Uteh for the ultimate and unlimited support for their daughters (authors) while doing the thesis.
  7. Starbucks Indonesia especially Qbig BSD, Senayan City, Pondok Indah Mall and The Breeze BSD as the place where authors usually did this thesis.
  8. Beloved RMTI Management batch 2016 students for the support to one another during thesis periods. Especially for Aldi Tedja, Alyssa Kirana, Denissa Jasmine and Vincent Safriano.
  9. A special supporter from RMIT Accounting batch 2016, Natasha Widjaja for her constant support.

Authors are aware that this paper is still far from perfection, therefore authors really appreciate any inputs from readers and judges to improve this paper.

Karawaci, November 26th 2019,

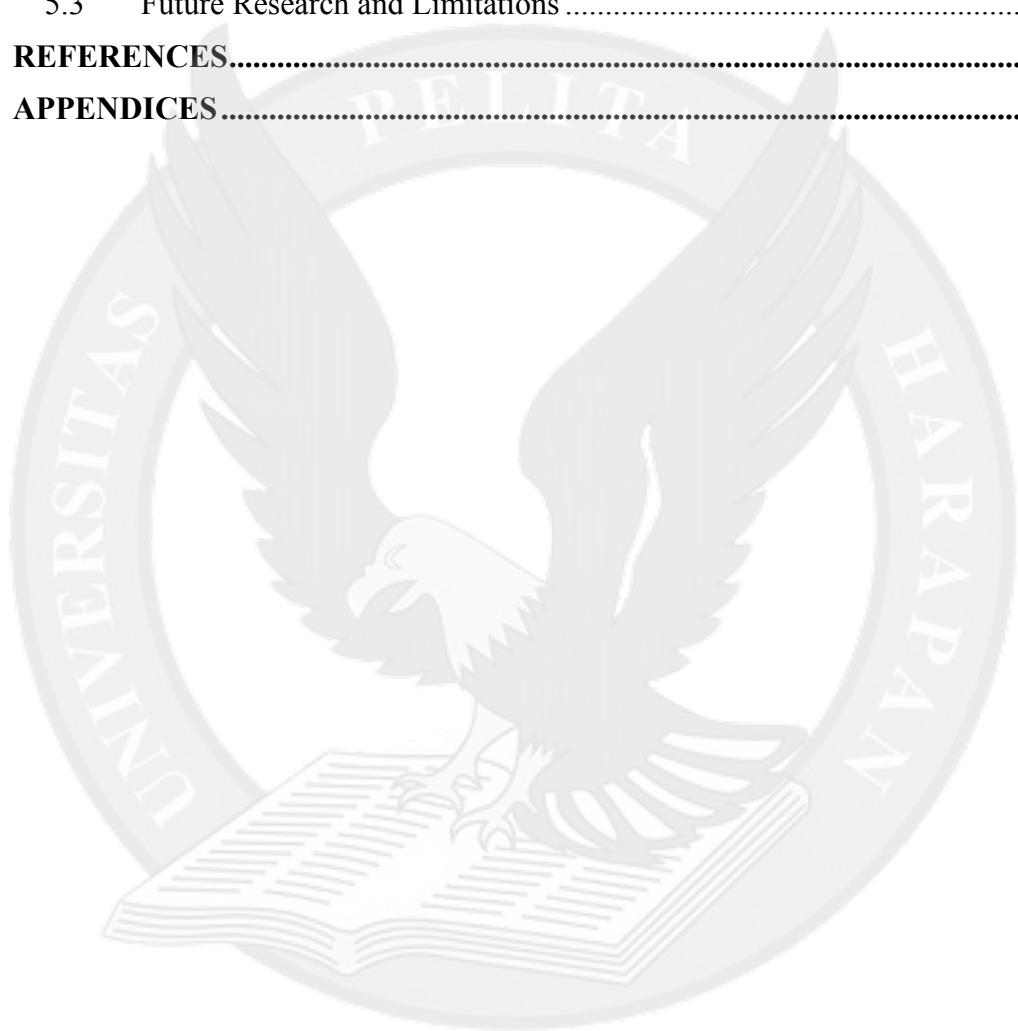

Authors
