This author wishes to thank God for watching over the completion of this work. This thesis entitled ‘The Adoption of General Regulation 1/2014 and the Influence of Globalization from Above on Metal Ore Trade Relations between Indonesia and its Core Country Trade Partners’ had been written to fulfill the requirements for earning a Bachelor’s Degree in Social Sciences. In doing so this author is grateful for the enormous amount of assistance given to him by friends, family, colleagues, lecturers as well as other loved ones, and wishes to express thanks to all who had helped him in not only gathering data for the thesis, but also those who helped encourage him forward, who provided advice in the format or theory of the thesis, or were just there because they wanted to provide unconditional help. These people were:

1. This Author’s Mother, who provided any assistance she could,

2. Mr. Yosef Djakababa and Prof. Aleksius Jemadu in advising on the theories and concepts that would be used in this thesis,

3. Mr. Roy Vincentius Pratikno who had observed the progress of this thesis and advised on its format and the data collection,

4. The many staff and lecturers who had handled the finalization of this thesis or had provided an insight in the past such as Mr. Victor, Mr. Ismanto, Ibu. Ria, Mr. Nico, and many others,
5. The many lecturers who had presided over interesting classes and inspired many alternatives to this thesis such as Mr. Jerry, Mr. Bhatara, and Mr. Irman.

6. Friends and loved ones such as Stella Katherine, Muhammad Reney Djamian, Thomas Pangaribuan and many more who provided unconditional assistance and support or were simply there when tasks became difficult, lonely or frustrating.

7. Thomas Pangaribuan, Joey Gildas, and Bambang Agung Pratama who had provided support both in answering questions as well as providing their own theses as examples,

8. Riksa Pramatatya, Juwindy Kapitan, and Daniel Sihar, whom had taken their own theses at the same time as this author, and had given advice on many of its confusing elements,

9. The myriad of other people whom deserve thanks but this author is sure to forget due to his extremely forgetful mind, which he apologizes for.

10th April, 2015

COVER

STATEMENT OF THESIS ORIGINALITY .......................................................... i

THESIS ADVISOR APPROVAL .......................................................................... ii

EXAMINATION BOARD APPROVAL .............................................................. iii

ABSTRACT ........................................................................................................... iv

PREFACE .............................................................................................................. vi

TABLE OF CONTENTS ..................................................................................... viii

LIST OF ABBREVIATIONS ............................................................................... xii

LIST OF FIGURES ............................................................................................. xiii

LIST OF TABLES ................................................................................................. xv

LIST OF APPENDICES ...................................................................................... xvi

CHAPTER I INTRODUCTION

  1.1 Background ..................................................................................................... 1

  1.2 Research Questions ........................................................................................ 15

  1.3 Research Objectives ......................................................................................... 17

```
### Chapter II: Conceptual Framework

1. **Introduction to Concepts**
   - 2.1 Introduction to Concepts ............................................................... 20

2. **Literature Review**
   - 2.2 Literature Review ........................................................................ 21

3. **Theories and Concepts**
   - 2.3 Theories and Concepts .................................................................. 30
     - 2.3.1 Anti-globalization and Globalization from Below ..................... 30
     - 2.3.2 The Natural Resource Curse .................................................... 32
     - 2.3.3 New Constitutionalism .............................................................. 34
     - 2.3.4 World Systems Analysis ............................................................ 38
     - 2.3.5 Semi-periphery Countries ......................................................... 43
     - 2.3.6 Core Countries ........................................................................ 47
     - 2.3.7 Quasi-monopolies .................................................................... 48
     - 2.3.8 MNCs and FDI .......................................................................... 50
     - 2.3.9 Advantage of Machinery ............................................................ 51
     - 2.3.10 Global Value Chains (GVCs) .................................................... 52
     - 2.3.11 Global Commodity Chains (GCCs) .......................................... 53
CHAPTER III RESEARCH METHODOLOGY

3.1 Scope of Study ................................................................. 54

3.2 Type of Research Method .................................................. 55

3.3 Type and Sources of Data .................................................. 55

3.4 Data Collection Techniques .............................................. 57

3.5 Data Analysis Techniques .................................................. 58

3.6 Constraints of Research .................................................... 60

CHAPTER IV RESEARCH AND ANALYSIS

4.1 Reasoning and Historical Background of GR-1/2014 .............. 63

4.2 Indonesia as a Semi-periphery Country in Relation to its Core Country Partners ................................................................. 67

4.2.1 Overall Trade Between Japan and Indonesia .................... 67

4.2.2 Overall Trade Between the U.S. and Indonesia ................. 73

4.2.3 General Observations and Analysis from Trade with Core Country Partners ................................................................. 78

4.3 Trade Data of Certain Indonesian Metal Ores Affected by GR-1/2014 (Copper, Nickel, Tin, Gold and Iron) ......................................................... 79
4.3.1 Copper .......................................................... 80
4.3.2 Nickel ......................................................... 87
4.3.3 Tin .............................................................. 91
4.3.4 Gold .......................................................... 93
4.3.5 Iron ............................................................ 98
4.3.6 Analysis on the Trade Data .................................. 101
4.4 Progress on Indonesian Mining After GR-1/2014 ..................... 103
4.5 Influence of New Constitutional Structures and Globalization from Above ........................................................ 107
4.6 Research and Analysis in Relation to Thesis Questions .............. 111
4.6.1 Was Indonesia Industrially Hindered from Progressing from a Semi-peripheral State? .................................................. 111
4.6.2 What will be the implications towards Indonesian/core country relations? ................................................................. 114

CHAPTER V CONCLUSION AND RECOMMENDATIONS

5.1 Conclusion ......................................................................................... 117
5.2 Recommendations ........................................................................... 123

BIBLIOGRAPHY ....................................................................................... 126
LIST OF ABBREVIATIONS

BBM  Processed fuel (Bahan Bakar Minyak)

BPS  Indonesian Bureau of Statistics (Badan Pusat Statistik)

FDI  Foreign Direct Investment

ESDM  Minister of Energy and Mineral Resources (Menteri Energi dan Sumber Daya Mineral)

GATT  General Agreements on Trade and Tariffs

GCC  Global Commodity Chain

GDP  Gross Domestic Product

GVC  Global Value Chain

IMF  International Monetary Fund

IR  International Relations

IUP  Mining Efforts License (Izin Usaha Pertambangan)

MNC  Multinational Corporations

MITI  Japanese Ministry of International Trade and Industry

NATO  North Atlantic Treaty Organization

NTB  Non-Tariff Barriers

UN  United Nations

UU-4/2009 Law no. 4, year 2009 (Undang-undang no. 4, tahun 2009)

WTO  World Trade Organization
LIST OF FIGURES

FIGURE 4.1  Bilateral trade between Japan and Indonesia in Japan’s perspective ..........................................................67

FIGURE 4.2  Japanese imports and exports of metals and ores .................70

FIGURE 4.3  Total trades in goods between the U.S. and Indonesia in U.S. perspective ................................................................................. 74

FIGURE 4.4  Value and volume of copper ore and concentrate exports (un-smelted product) ........................................................................81

FIGURE 4.5  Value of copper matte exports (smelted product) .................82

FIGURE 4.6  Volume of copper matte exports (smelted product) ............83

FIGURE 4.7  Value of exports of bars and rods of refined copper (smelted product) ...................................................................................... 84

FIGURE 4.8  Volume of exports of bars and rods of refined copper (smelted product) ...................................................................................... 85

FIGURE 4.9  Value of exports of nickel ores and concentrates (un-smelted product) ...................................................................................... 87

FIGURE 4.10 Value of nickel mattes export (smelted product) .......................89

FIGURE 4.11 Volume of exports of nickel mattes (smelted product) ............90
FIGURE 4.12 Value of exports of unwrought tin export data in (un-smelted product) ................................................................. 91

FIGURE 4.13 Value of trade of bronze (smelted copper alloys for copper-tin base alloys) ............................................................. 92

FIGURE 4.14 Volume of trade of bronze (smelted copper alloys for copper-tin base alloys) ............................................................. 93

FIGURE 4.15 Value of unwrought gold export in (un-smelted product) ....... 94

FIGURE 4.16 Value of exports of gold lumps, ingots, and cast bars (smelted product) ........................................................................ 95

FIGURE 4.17 Volume of exports of gold lumps, ingots, and cast bars (smelted product) ........................................................................ 96

FIGURE 4.18 Net value of imports of gold lumps, ingots, and cast bars (smelted product) ........................................................................ 97

FIGURE 4.19 Value of iron ores and concentrates exports (un-smelted product) ........................................................................ 98
LIST OF TABLES

TABLE 4.1 Value of imports of gold lumps, ingots, and cast bars (smelted product) .................................................................96
TABLE 4.2 Value of exports of non-alloy pig iron (smelted product) ........99
TABLE 4.3 Value of exports of alloyed pig iron (after smelting) .............99
TABLE 4.4 Value of imports of alloyed pig iron (smelted product) ..........100
TABLE 4.5 Weight of exports of pig iron (both alloyed and non-alloy, smelted product) ............................................................100
