JURIDICAL ANALYSIS OF THE CRIMINAL ACT OF BRIBERY AGAINST THE FOOTBALL MAFIA IN INDONESIA REVIEWED FROM THE PERSPECTIVE OF DIGNIFIED JUSTICE

(vi+91 pages)

Football consists of the words football and ball. The word football is defined as kicking using the foot, while the word ball is defined as a round game made of rubber and leather. Football has a main basis in the game in which there is cooperation, sportsmanship, respect. Respect is respect or respect for differences in religion, ethnicity and race. In football there is also fair play value. Fair play is a principle created by FIFA in 1993. In soccer games there can be action Match fixing is match fixing, match fixing itself occurs if there are parties who agree to lose, draw, or win against the opposing party by not trying optimally. Match fixing has 2 (two) types in football matches, namely arranged match fixing and gambling match fixing. In this case of the football mafia, the perpetrator himself is not dignified because he breaks the system in the game which he should not do. The perpetrator also does not have the spirit of nationalism with what he did, he made Indonesian football not develop in this way. The author finds an interesting thing to do. Analysis of a criminal act in a soccer case that occurred in this decision. The interesting thing in this case is the relationship between football and criminal law. This is the first thing that has happened in Indonesia.

Keywords: Soccer, match fixing, criminal action of bribers.
