PREFACE

This thesis is titled The Influence of Knowledge towards Physicians' Intention to Use Powered Air-Purifying Respirator as Advanced Personal Protective Equipment Mediated by Health Belief Model during COVID-19 Pandemic. It is written to fulfill one of the academic prerequisites to obtain Master of Hospital Management degree from Universitas Pelita Harapan. The researcher would like to thank those who are involved in the writing of this thesis:

1. Prof. Dr. Dr. dr. Eka J. Wahjoepramono, SpBS, Ph.D, as the dean of Faculty of Medicine, Universitas Pelita Harapan
2. Gracia Shinta Setyadi Ugut, MBA., Ph.D., as the head of Master of Hospital Administration program, Universitas Pelita Harapan
3. Dr. dr. Ferdi Antonio, M.M., M.A.R.S., as thesis advisor
4. Teaching and supporting staffs of Universitas Pelita Harapan
5. Loving parents of the author for their prayers and support
6. Peter Jonathan, the brother
7. Good friends and significant other
8. Our Lord Jesus Christ.

The researcher acknowledged that the thesis is far from perfect and therefore would appreciate any constructive feedback. God bless.

Jakarta, 9 June 2021

ORIGINALITY STATEMENT OF THE THESIS ..... **ii**
THESIS SUPERVISOR'S APPROVAL ..... **iii**
THESIS EXAMINATION COMMITTEE ..... **iv**
ABSTRACT ..... **v**
PREFACE ..... **vi**
TABLE OF CONTENTS ..... **vii**
LIST OF FIGURES ..... **x**
LIST OF TABLES **1**
LIST OF APPENDIXES **2**
CHAPTER I. INTRODUCTION **3**
1.1 Research Background 3
1.2 Research Questions 25
1.3 Objective of The Study 26
1.4 Significance of The Study 26
1.4.1. Academic Aspect 27
1.4.2. Managerial Aspect 27
1.5. Systematics Writings 28
CHAPTER II. LITERATURE REVIEW **30**
2.1. Theoretical Background 30
2.1.1. Knowledge Variable 35
2.1.2. Perceived Susceptibility Variable 36
2.1.3. Perceived Severity Variable 37
2.1.4. Perceived Benefits Variable 39
2.1.5. Perceived Barriers Variable 40
2.1.6. Intention to Use Variable 42
2.2. Hypothesis Development 43
2.2.1. Relationship between Knowledge and Perceived Susceptibility 43
2.2.2. Relationship between Knowledge and Perceived Severity 44
2.2.3. Relationship between Knowledge and Perceived Benefits 44
2.2.4. Relationship between Knowledge and Perceived Barriers 45
2.2.5. Relationship between Perceived Susceptibility with Intention to Use 46
2.2.6. Relationship between Perceived Severity with Intention to Use 46
2.2.7. Relationship between Perceived Benefits with Intention to Use 47
2.2.8. Relationship between Perceived Barriers with Intention to Use 48
2.3. Conceptual Framework 49
CHAPTER III. RESEARCH METHODOLOGY **51**
3.1. Research Objective 51
3.2. Unit of Analysis 51
3.3. Types of Research 52

3.4. Operationalization of Research Variables 53
3.4.1. Measurement Scale 55
3.4.2. The Definition of Conceptual and Operationalization Variables 56
3.5. Population and Sample 59
3.5.1. Determination of Sample Size 59
3.5.2. Sample Collection Method 61
3.6. Data Collection Method 62
3.6.1. Primary Data 62
3.6.2. Secondary Data 62
3.7. Data Analysis Method 62
3.7.1. Analysis Model on PLS-SEM 63
3.7.1.1. Outer Model 64
3.7.1.2. Inner Model 64
CHAPTER IV. RESEARCH RESULT AND DISCUSSION 67
4.1. Respondents' Demographic Profile 67
4.2. Respondents' Behavior Profile 69
4.3. Respondents Descriptive Statistic Analysis 72
4.3.1. Knowledge Variable 73
4.3.2. Perceived Susceptibility Variable 74
4.3.3. Perceived Severity Variable 76
4.3.4. Perceived Benefits Variable 77
4.3.5. Perceived Barriers Variable 78
4.3.6. Intention to Use Variable 79
4.4. Inferential Analysis 81
4.4.1. Outer Model 81
4.4.1.1. Indicator Reliability 83
4.4.1.2. Construct Reliability 84
4.4.1.3. Construct Validity 85
4.4.1.4. Discriminant Validity 85
4.4.2. Inner Model 87
4.4.2.1. Multicollinearity 88
4.4.2.2. Coefficient Determinant (R-Squared) 89
4.4.2.3. Effect Size (f-Squared) 91
4.4.2.4. Predictive Relevance (Q-Squared) 92
4.4.2.5. Hypothesis Test Result and Coefficient 94
4.4.2.5.1. The Effect of Knowledge to Perceived Susceptibility 96
4.4.2.5.2. The Effect of Knowledge to Perceived Severity 96
4.4.2.5.3. The Effect of Knowledge to Perceived Benefits 97
4.4.2.5.4. The Effect of Knowledge to Perceived Barriers 98
4.4.2.5.5. The Impact of Perceived Susceptibility on Intention to Use. 99
4.4.2.5.6. The Impact of Perceived Severity on Intention to Use 100
4.4.2.5.7. The Impact of Perceived Benefits on Intention to Use 101
4.4.2.5.8. The Impact of Perceived Barriers on Intention to Use 103
4.4.2.6. Specific Indirect Effect 104
4.4.2.7. Importance-Performance Analysis (IPMA) 105
4.4.3. Discussion 107
CHAPTER V. CONCLUSION AND IMPLICATIONS 118

5.1. Conclusions 118
5.2. Managerial Implications 119
5.3 Research Limitations and Future Research Suggestions 121
REFERENCES 123
APPENDIX I 128
APPENDIX II (Outer Model) 132
APPENDIX III (Inner Model) 133
APPENDIX IV (Q-Squared Value) 134
APPENDIX V 135
