Keywords: Digital Marketing, Brand Awareness, Digital Communication, Online Learning

The Covid-19 pandemic has brought changes and also has an impact on all aspects, one of which is the education aspect. This change in the educational aspect can be seen from the learning activities that must be done online. This online learning activity requires teachers and students to adapt to implementing digital communication in online learning through the Learning Management System (LMS).

PT Codemi Global is a company engaged in the Learning Management System (LMS) which is present based on the increasing use of LMS which is a community need during the pandemic that makes online learning easier. To support this, PT Codemi Global has launched a new product called Level Up by Codemi. Level Up by Codemi is an online learning platform that provides academic-based classes taught directly by experts in Indonesia. Level Up by Codemi is still relatively new in the community so it is necessary to increase brand awareness of this product. In increasing brand awareness of this Level Up by Codemi product, PT Codemi Global utilizes digital marketing through Instagram.

Digital marketing activities through Instagram play a big role in increasing brand awareness of Level Up by Codemi in the eyes of the wider community. This internship program at PT Codemi Global, allows apprentice to understand the implementation of marketing theories activities that have only been studied theoretically and learn about the challenges that is faced by the company in implementing these theories.
