ANALYSIS OF THE EFFECTS OF DIGITAL MARKETING, BRAND AWARENESS, AND CAMPUS FACILITIES ON ENROLLMENT INTENTION MEDIATED BY BRAND IMAGE AT CITRA BUANA INDONESIA ACADEMY OF INFORMATION MANAGEMENT AND COMPUTER SUKABUMI

(XVI + 138 pages: 10 figure; 22 table; - 10 attachment)

The Citra Buana Indonesia Academy of Information Management and Computer is a private higher education institution located in the city of Sukabumi, West Java. The academy, known for its 20-year existence, has established itself as an institution focusing on computer education and tourism. To leverage digital technology advancements and enhance enrollment intentions, the Citra Buana Indonesia Academy of Information Management and Computer has implemented a digital marketing strategy. This research adopts a cross-sectional study approach, collecting data through purposive sampling from 206 respondents intending to enroll, utilizing a non-probability sampling technique with purposive sampling. The analysis method employed is partial least squares - structural equation modeling (PLS-SEM) using SmartPLS version 3.2.9. The research findings reveal that digital marketing, brand awareness, and campus facilities exert a significantly positive influence on brand image. Furthermore, digital marketing, brand awareness, campus facilities, and brand image significantly influence enrollment intention. Brand awareness influences enrollment intention, mediated through brand image. The conclusions drawn from this research offer managerial implications that can assist the Citra Buana Indonesia Academy of Information Management and Computer in identifying strategies to enhance enrollment intention.
