THE INFLUENCE OF TRAC ASTRA'S BRAND IMAGE ON BRAND LOYALTY WITH BRAND TRUST, BRAND SATISFACTION, AND BRAND EXPERIENCE AS MEDIATION VARIABLES

(XIV + 77 pages + 25 tables + 4 pictures)

This research aims to examine the influence of TRAC Astra's brand image on brand loyalty by paying attention to the mediating role of brand trust, brand satisfaction and brand experience. The research method used is quantitative with a survey approach, where data is collected through questionnaires distributed to TRAC Astra service users. The research sample consisted of 414 respondents selected randomly. Data analysis was carried out using the Partial Least Square-Structural Equation Modeling (PLS-SEM) method. The research results show that the TRAC Astra brand image has a positive and significant influence on brand trust, brand satisfaction and brand experience. Apart from that, brand trust, brand satisfaction and brand experience have also been proven to have a positive and significant effect on brand loyalty. These findings indicate that to increase customer loyalty, TRAC Astra needs to strengthen its brand image and focus on increasing customer trust, satisfaction and experience.
