"ANALYSIS OF THE IMPACT OF SOCIAL MEDIA MARKETING ACTIVITIES ON BRAND LOYALTY THROUGH BRAND AWARENESS AND BRAND IMAGE AMONG AMDK X CONSUMERS IN MEDAN CITY"

(xix + 183 pages; 43 tables; 20 figures; 3 appendices)

Driven by rapid urbanization, increased health awareness, and shifting consumer preferences, the Indonesian bottled water industry (AMDK) has experienced significant growth. Amid this development, AMDK X has emerged as a key competitor, successfully challenging Aqua's long-standing dominance in the market. This study aims to examine the impact of Social Media Marketing Activities (SMMA) on Brand Loyalty, mediated by Brand Awareness and Brand Image. The key SMMA elements analyzed include Entertainment, Interactivity, Trendiness, Electronic Word-of-Mouth (e-WOM), and Informativeness. Using a quantitative approach, data was collected from 200 respondents, AMDK X consumers in Medan, and analyzed using SPSS. The results show that Interactivity, Trendiness, and e-WOM significantly enhance Brand Awareness, while Interactivity, Trendiness, e-WOM, and Informativeness positively influence Brand Image. Both Brand Awareness and Brand Image play a significant role in driving Brand Loyalty. However, Entertainment does not have a direct impact on Brand Image, and Informativeness does not affect Brand Awareness.
