

Project Details	08
About Research	08
Introduction	10
Aims and Objectives	12
Questions	14
Context	20
Methodology	28
Literature Review	28
Parametric Exploration	36
Prototype Development	48
Result	67
Conclusion and Suggestions	68
Index	70
Bibliography	72
Appendices	74

1 [previous] Final look of finished project

2 Front view of the parametric generated green facade

Figure Index

1. Final look of finished project
Source: Author, 2025

2. Front view of the parametric generated green facade
Source: Author, 2025

3. Hundertwasser’s concept of green facade
Source: Knudsen, 2015

4. Site of ASN 3 apartment complex in IKN—as a tangible example of the phenomenon of urban expansion
Source: Alien DC, 2024 | Annotations by authors

5. Random greeneries placement identified in the existing design of ASN 3 apartment tower in IKN
Source: Alien DC, 2024 | Annotations by authors

6. Ecological compensation parameters represented in diagram
Source: Author, 2025

7. Applications of parametric tools in generating design iterations
Source: Author, 2025

8 -12. Implementation of parametric tools in green facades illustrated
Source: Author, 2025

13. Development Timeline Collage of the Nusantara Capital City
Source: Author, 2025

14. The Master Plan of Rusun ASN 3 IKN
Source: Alien DC, 2024

15. Block plan of the ASN 3 Apartment Complex development in IKN
Source: Alien DC, 2024

16. Grasshopper algorithm for Sunhour Analysis Simulation on ASN 3 Apartment Tower in IKN
Source: Author, 2025

17. Visualization of Sunhour Analysis Simulation on ASN 3 Apartment Tower in IKN
Source: Author, 2025

18. Result of Sunhour Analysis Simulation on ASN 3 Apartment Tower in IKN
Source: Author, 2025

19. Potential applications of green facades & key benefits for the building and its surroundings
Source: Pfoser & Kammerbauer, 2019

20. Explanation of Each Variable in the Literature Review
Source: Author, 2025

21. Description of a 'Happy House' according to

Happy by Design
Source: Channon, 2019

22. The overall GnPR calculation template
Source: Singapore Government, 2017

23. Oasia Hotel; one of the projects that adopts an ecological compensation measurement approach through the Green Plot Ratio
Source: WOHA, 2024

24. Building mass of the ASN Apartment Tower is simplified and divided into a grid
Source: Author, 2025

25. Main logic in the algorithm for placing green facades on the ASN Apartment Complex
Source: Author, 2025

26. Visualization of the developed algorithm; three iterations logic
Source: Author, 2025

27. Configuration discovered from the visualization; further developed
Source: Author, 2025

28. Study on several surface forms
Source: Author, 2025

29-30. Processual transition of green facade module implementation, including the results of its exploration; visualized
Source: Author, 2025

31. Before: Initial unit layout of the Alien DC design
Source: Alien DC, 2024

32. After: Unit layout after the intervention
Source: Author, 2025

33. Unit layout changes implemented in the overall typical odd floor plan
Source: Author, 2025

34. Unit layout changes implemented in the overall typical even floor plan
Source: Author, 2025

35-42. 1:20 scale study model of the three main building elements—facade, void, and communal balcony—with several iterations of vegetation placement, form, and type
Source: Author, 2025

43. 1:400 Model of the ASN 3 Apartment Complex
Source: Author, 2025

44-45. Model 1:200 of the Tower 2 mass of ASN 3 Apartment in IKN with its surrounding
Source: Author, 2025

46-47. 1:10 scale sectional detail, highlighting the relationship between the configuration and the building’s structural system
Source: Author, 2025

48. The perspective section serves as the basis for creating prototypes or spatial section models
Source: Author, 2025

49-50. The spatial section model developed from the perspective section
Source: Author, 2025

51. Vegetation elements in the design feature four facades as main components, with color notations for each element.
Source: Author, 2025

52-56. Color notation of vegetation on each floor
Source: Author, 2025

Table Index

1-5. Table of Green Elements Breakdown by Floor for Green Plot Ratio Calculation
Source: Author, 2025

6. Table of Green Element Breakdown from the Four Main Elements in the Design
Source: Author, 2025

7. Final Gren Plot Ratio Measurement
Source: Author, 2025

Appendices

1. Existing Green Plot Ratio Measurement
Source: Author, 2025

2. Presentation Board of Ecological Parameter in Green Facades
Source: Author, 2025
